DETAILED ACTION

Response to Arguments

Applicant's arguments, see amendment, filed 6/2/05, with respect to office action mailed 3/16/2005 have been fully considered and are persuasive. The objection to claims 1-6 in the office action of 3/16/2005 has been withdrawn.

Claim Objections

Applicant states that there is no prohibition in the patent application against the claim structure being used with either of decorative panels 41 or 61 and there is no intention of limiting the claims to any particular embodiment. Examiner has reconsidered and agrees with applicant.

Response to Amendment

The rejection of claims 1-5 under 35 U.S.C. 102(a) as being anticipated by USPN 6,820,875 to Hedrick et al in the office action mailed 3/16/05 is withdrawn because Applicant amended claim 1 to add the subject indicated allowable in claim 6.

Allowable Subject Matter

Claims 1-5 and 7-11 are allowed.

Art Unit: 2875

The following is an examiner's statement of reasons for allowance: Claim 1 has a gaming machine comprising a cabinet, a light source, a decorative panel, disposed in front of light source, including a first surface on which light is incident, support means provided within cabinet for supporting decorative panel at first surface, a frame, detachably attached to cabinet, including a back face for supporting the decorative panel at a second surface of decorative panel, opposite the first surface, when frame is secured to cabinet and a cover attached to back face of frame, exposing a peripheral part of the first surface of the decorative panel, covering light source, and having an opening directed toward frame, wherein a space for accommodating the decorative panel is located between cover and face of frame. This combination of limitations is not found or taught in the art of record.

Claims 2-5 depend from claim 1 and are allowable for the same reasons.

Independent claim 7 adds the limitation that the support in claim 1 is resilient. This added limitation makes claim 7 more specific than claim 1 and is allowable for the same reasons as set forth above for claim 1.

Claims 8-11 depend from claim 7 and are allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
